Description:

This four bay, two story frame house is covered with aluminum siding. It is characterized by two second story semi-hexagonal projecting bays beneath projecting gables. Windows have single pane sash. The main entrance is located in the second bay from the south end of the house. Across the front is a porch with a steeply pitched hipped roof. The house would appear to date from the late 19th century and has influence from the Queen Anne style.

The 1877 Atlas map shows a house on or near this site which was part of a larger tract owned by the Funkstown Manufacturing Company.
